

Recommendation Letter

"Bozhkilov MIT" Ltd is a company oriented in distribution and after-sales services of cash registers and POS equipment. We are official partners with Datecs, Tremol, Eltrade, Daisy, Elicom brands and Mistral and Triniti-soft solutions.

Kirill Andreev Stefanov worked in "Bozhkilov MIT" Ltd. under my supervision from 15.04.2007 until 20.10.2016 and in this period he occupied the role of service technician of cash registers and POS equipment.

His role included preparation, programming and commissioning of fiscal devices, the installation and especially the subsequent maintenance. Kiril was also responsible for installation, adjustment and technical support of a variety of commercial software solutions serving hotels, restaurants and shops. As an excellent technician he was responsible for the construction and maintenance of the hardware configurations and the associated peripherals. Over the years "Bozhkilov MIT" Ltd. has included in its portfolio the installation of for video surveillance systems and solutions. Kiril was responsible for planning and construction, as well as presenting our customers the best equipment corresponding to their specific projects and their business needs. He managed professionally to respond to customer inquiries and resolve technical issues promptly, which managed to prove him as decisive and diligent worker. He managed to continue working with our existing customer database and to continue signing new customers. He independently and successfully conducted business negotiations with retail, and presented qualitatively devices that my company offers its future customers. Kiril learned to take quick and correct decisions and take responsibility for the final result. For the time that he worked in my company, he presented himself as accurate, conscientious worker endowed with respect and prestige both in our team and also in our clients. He improved his performance, communication skills. I especially want to emphasize his ability to get along with people without conflicts and to resolve emerging issues.

Kirill Andreev Stefanov is familiar with the specifics of maintenance and servicing of cash registers and POS systems and successfully deals with of various technical problems of any nature. He is able to quickly learn new skills and adapt to dynamic environment, so I think he is a valuable asset and can claim worthy the position of service technician in any company.
