Character Reference

Kiril Andreev Stefanov

Kiril Stefanov has worked within my team from January 2017 – July 2017 on a temporary contract.

During his time with us Kiril has established himself as part of the team and a good all-round asset. He has shown a willingness to learn new skills and expand his knowledge of network equipment. I have found him a pleasure to work with and a very hard worker, always happy to take on any task I have presented him with. A lot of manual refurbishment duties have been key areas Kiril has used his previous experience to very good effect within the department.

I would employee Kiril again in the future if he was available to take on the position.
